Art Unit: 3634

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Kawai et al. (4,561,691). Kawai et al. (4,561,691) disclose a control device comprising an opening/closing member (1), an opening portion (3), an actuator (10, 11, 81, and 82) for moving the opening/closing member (1), an operational switch (50), a first and a second larger value (Figure 14, columns 7, 8, and 9) which detects an object within the path of the opening/closing member (1) thereby stopping and/or reversing the opening/closing member (1) based on a predetermined amount of time.

The applicant's arguments have been considered but are not deemed persuasive. It appears that the applicant's arguments are more limiting than that of the claims. The phraseology "for...." and "wherein...." fails to positively limit the applicant's language because it merely recites the function of the control device and not the control device per se. Therefore, Kawai et al. ('691) is capable of performing the function, which the applicant is relying upon.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Jerry Redman at telephone number 571-272-6835.
